Cherry Creek State

A man is shown from the chest up, completely covered in a thick, vibrant green mass of seaweed or algae. He has a slightly pained or uncomfortable expression on his face, looking downwards. The background is a blurred, light-colored body of water. The text "And the occasional algae monster." is overlaid in white on the lower half of the image.

And the occasional algae monster.

- Marina, campground, swim beach, fishing amenities, dog off leash area, shooting range, radio-controlled airfield, 23 trails...
