## **SP CURE's Strategies**

*Note color coordination with agenda indicates topics related to each of these strategies.*

1. **Create networks/partnerships.**
  - a. Environmental groups to educate, inform, understand
  - b. Other groups to expand our reach
  - c. Consider grant opportunities to further our reach
2. **Use our data to be intentional.**
3. Engage the science side of the regulatory organization so we can better **understand each other's point of view to inform the process.**
4. **Create external visibility so people know us and what we do.**
5. **Revisit our goals as a watershed group to bring focus to our work.**
6. **Debrief on hearings (re approach) to be more successful in the future.**
